

Cherish Water Campus

惜水學堂

ISSUE 23
Apr 2024

Every drop counts. Save water benefits all.

To commend the education sector for their active participation in the "Cherish Water Campus" Integrated Education Programme for 2022/23 school year, an award ceremony was held on 18th January at Hang Hau Community Hall. In total, 35 school sponsoring bodies, 57 participating schools and 16 kindergartens with more than a hundred principals, teachers and students were presented with awards in the ceremony.

Speaking at the ceremony, "Cherish Water Principal" said that in the 1960s, severe water rationing measures had been imposed in Hong Kong owed to a disastrous drought. But thanks to our country's care and support, the Dongjiang-Shenzhen Water Supply Scheme was swiftly completed and Dongjiang water has supplied to Hong Kong since 1965, resolving Hong Kong's long-term insufficiency of water resources. Despite this, in meeting the present challenges posed by climate change to water supply reliability, Mr Yau encouraged students not only to bear in mind that the precious water supply cannot be taken for granted but also stay vigilant to possible threats ahead that warrant the need to develop the virtue of cherishing water.

The ceremony featured a variety of contents that included school performances, interactive games and a pledge to cherish water. All participants enjoyed a happy and memorable afternoon.

The Award Ceremony presented over 220 awards to commend the efforts in and contributions to fostering a water conservation culture by school sponsoring bodies, principals, teachers and students.

"Cherish Water Principal", the then Director of WSD, Mr Tony Yau, speaks at the award ceremony.

"Cherish Water Elites" pledged to practice water conservation under the lead of "Cherish Water Principal", Principal Education Officer of the Education Bureau, Miss Yvonne Lam and representative from Subsidized Primary Schools Council, Mr Kam Wing Tim.

Exhibition was held at Central Government Offices at Tamar.

One took place at Lok Fu Place.

H2OPE Centre

Dongjiang Water Supply Exhibition

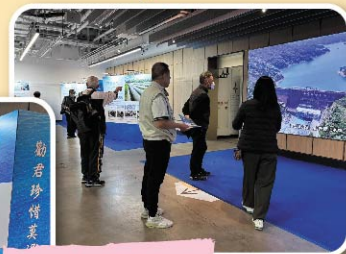

2025 will mark the 60th anniversary of Dongjiang (DJ) water supply to Hong Kong. We plan to launch a series of activities which will enable the public to learn about the history and current situation of DJ water supply, as well as the nation's immense support and care rendered to us through this immense water supply project. WSD has organised DJ Water Supply exhibitions in various locations throughout Hong Kong between December 2023 and March 2024 to introduce the development of DJ water supply, its importance to Hong Kong and the efforts made by both Guangdong and Hong Kong to safeguard the water quality and quantity of water supplied to Hong Kong.
